“**The Colgate Bookstore tech department is amazing! They will be your biggest and best advocate.”** ~ Elle, Class of 2020

**HOW TO PLACE YOUR ORDER**

Placing your order is easy. Visit us online at www.colgatebookstore.com and follow the link to the tech section. Our site is securely hosted and your transaction will be 100% safe.

We accept Visa, MasterCard, American Express, Discover, and the University’s ‘Gate Card. You can choose to have your computer shipped to you or held for in-store pick up when you arrive in August.

Computers that are in stock ship within 1 business day. Custom configurations may take up to two weeks to arrive. We encourage you to place your order by August 2nd in order to ensure delivery before you arrive on campus.

**SOFTWARE FOR STUDENTS - OFFICE 365**

Microsoft Office suite of products (Word, Excel, PowerPoint, etc.) are available without charge to students at Colgate. You may access a full version of the software for download to your personal Mac or Windows laptop or desktop for use as long as you’re enrolled at Colgate. We’ve put together detailed instructions on downloading and installing your own personal copy of Office to your computer. Check it out at: http://www.colgate.edu/offices-and-services/information-technology/getting-help/support-for-students.
WE HAVE ALL YOUR TECH NEEDS

When you purchase your computer through the Colgate Bookstore, you are guaranteed competitive pricing & first-class customer service!

WHY BUY MY LAPTOP FROM THE COLGATE BOOKSTORE?
We arrange diagnostic and repair work for all laptops, but only students who buy their laptop from the Colgate Bookstore are eligible for our loaner program, which allows you to continue working uninterrupted while your computer is being repaired.

WHEN SHOULD I PLACE MY ORDER?
You can place your order as soon as you receive your Colgate ID number, but you may want to wait a few weeks.

WHY WAIT?
• New models come out in late spring; waiting gives you access to the latest, greatest machines.
• Apple usually announces Back-To-School specials in early summer; you could be eligible for additional savings.
• The warranty starts as soon as you purchase, so the closer to the start of classes, the longer the warranty will be of value to you.

Our computer department staff is available each weekday to answer your questions. Computer Buyer, Becky Dowsland can be reached at 315.228.7776 or by email at rdowsland@colgate.edu.

FIRST YEAR SPECIAL BUY:
$50 OFF THE PURCHASE OF A COMPUTER

Once you have your Colgate ID number, you can log on to our website to purchase the latest Apple® and Windows computers at educational prices. Enter AVD2018 in the coupon field during checkout. This offer expires August 31, 2018.
### Apple Warranty Information

A week can be full of surprises, so why not plan ahead for them? With the Colgate 2018-2019 weekly planner you can jot down the expected, write down your ideas, and keep track of your schedule. This planner is customized with all the important dates you will need for the entire academic year while here at Colgate.

From basic calculations to sophisticated 2-variable statistics, conversions, regression analysis, and scientific plotting, TI’s scientific and graphing calculators provide range of functionality for general math, algebra, trigonometry, and statistics.

Dress up your room with the traditional 18x36 felt banner in your graduating year.
The bookstore website compiles all the textbooks, art and school supplies, and laboratory materials that your instructors have required or recommended you purchase. We display the purchase options (new, used, e-book, and rental) from our store, as well as from our online competitors.

When the textbook ordering website opens in August, we send a notice to your Colgate email. This will contain instructions and tips for ordering.

When you order your textbooks and supplies through the Colgate Bookstore, your course materials are already paid for, boxed up, and ready for you to pick up at the bookstore when you arrive on campus!

We are the only course material provider that is owned and operated by Colgate University, and thus works directly with Colgate’s faculty and your add/drop deadlines. If you change classes or a professor suddenly cancels a book, we have you covered.
