Potential Host Institutions for Lampert Fellowships in Public Affairs, Summer 2016

Colgate University is building partnerships with universities around the world; below is an initial list of such universities, with a focus on partners in Africa, Asia, Australia, and South America. Included with each institution is a list of the academic fields best suited for fellowship applications.

We will help Colgate students applying for Lampert Fellowships to connect with contacts at these institutions, and help to secure assistance in supporting successful applicants. For example, we expect that housing arrangements for Lampert fellows will often be able to be made through these institutions.

Students interested in applying for a Lampert Fellowship and developing a project based at one of these partner institutions should first contact either (i) a Colgate faculty member listed below, or (ii) Prof. Nicole Simpson for all other institutions.

1. Bogota, Colombia- Universidad del Rosario, (any fields)
2. Buenos Aires, Argentina – Universidad Torcuato Di Tella, (POSC, ECON, IR only)
3. Cape Town, South Africa, (SOSC, PCON); contact Professor S. Thomson
