Voluntary Dental Insurance

Dental insurance is consistently one of the most sought after benefits from college students; Gallagher is proud to partner with Security Life to provide your students with outstanding care!

As an administrator at a college or university, the first step to protecting students’ oral health is to inform them that coverage is available. Ensuring students are aware that dental insurance is an easily-accessible option, is priced with a student’s budget in mind, and is hassle-free to obtain are excellent ways to endorse best-practice oral hygiene standards and strengthen your approach to student health as a whole.

**Benefits:**

Students have the choice of two plan options:

- Choose their own dentist, or
- Choose a dentist in the Maximum Care PPO Network, with over 200,000 access points nationwide

Help protect your students' health by regularly promoting dental insurance and encouraging them to visit [GallagherStudent.com/Dental](http://GallagherStudent.com/Dental) for more information.
