July 2016
Colgate Institutional Advancement:
Annual Giving Team Outreach Day

On Monday, June 27, the Division of Institutional Advancement was led by the annual giving team in a full day of outreach to alumni, seeking year end gifts to the Colgate Fund as part of the Pass the Torch Initiative. The day started with a kick-off breakfast, and included prize giveaways, a staff lunch, classic Colgate songs, and awards to star employees of the day.

Annual giving is tasked with increasing Colgate's Alumni Giving Rate and the dollars raised for the Colgate Fund. This year, with a goal of 13,513 alumni donors, annual giving has been working hard to inspire gifts to Colgate.

The Colgate Fund, formerly known as the Unrestricted Annual Fund, augments income from the university’s endowment and underwrites countless campus initiatives, including the financial aid budget and academic programs.

Together, IA staff reached out to over 3000 alumni and asked them to support the Colgate Fund. Alumni donors were also acknowledged by staff members who wrote "thank you" post cards.

Thank you to the entire Colgate employee community for your support of Colgate students through your work and by giving to the Colgate Fund.

To learn more about the Pass the Torch Initiative, visit: torch.colgate.edu

With an associate’s degree in mechanical engineering, Matt enjoys hunting, fishing, football and spending time with friends, family, and his partner, Sarah Papay.
The end of the academic year and beginning of summer bring many opportunities to celebrate our employees!

On June 16, we celebrated Colgate staff members who had reached their 5 or 10 year milestones during the year. A casual breakfast reception was held in the Ho Science Atrium, with honorees, supervisors, vice presidents and the interim president, Jill Harsin in attendance. Employees were recognized for their service and presented with a gift certificate to the bookstore.

That evening, Colgate’s longest-serving employees - those who have reached 15, 20, 25, 30, 35, and, 40 years of service – were honored at the 50th annual Service Awards Dinner. Honorees, past honorees (including retirees), supervisors, VP’s and Interim President Harsin enjoyed a relaxing evening with brief presentations, provided by Lori Chlad, associate vice president for human resources, to honor and celebrate some of the university’s most loyal employees.

We hope everyone has the opportunity to take time to relax over the summer- the celebratory arrival of the Class of 2020 will be here soon! Congratulations!
On June 16, we celebrated with employees who have been with Colgate for five or ten years. Thank you for your years of service!

To trade in old or broken devices for store credit, bring in your old device to the technology center on the 2nd floor of the bookstore or arrange your trade-in online [here](#). Then, upgrade your tech and use your trade-in money toward your new purchase!
Attention Boilermaker Runners!

Are you interested in joining a Colgate University employee team to compete in the 2016 Boilermaker 15k Corporate Cup?

Every July, over 14,000 runners participate in the Utica Boilermaker 15k run. Some of those runners are representing their workplace by participating in the Corporate Cup. Colgate University fielded a co-ed running team last year showing our Colgate pride over the 9.3 mile course.

Participation is simple. If you are a Colgate employee or retiree (part-time employees must work 20 hours per week) and are already registered for the Boilermaker 15k (sorry, there is no Corporate Cup for 5k runners) and want to be part of Colgate’s team, just submit your name and email address to Drew Porter (aporter@colgate.edu). There is no obligation to run as a group on race day as many runners may already be planning to run with a friend or family member. And, there are no additional fees! Just let us know you are interested and you are in!

Leading up to the race, we plan to create an email group to share tips on training, arrange car pools to the packet pickup or to the event itself, perhaps even some group runs. The Corporate Cup standings count the two fastest male times and two fastest female times plus the next fastest time (male or female) toward the team results. We are looking for maximum participation so there is no need to worry about how fast or slow you run.

This is a great way to represent Colgate University in the community and make new friends as well. Join us at one of the most fun and challenging events of the summer!
