ID

Colgate allows students to declare in the following combinations: one major, two majors or one major and two minors.

I am: ☐ Declaring a major for the first time ☐ Declaring an additional major ☐ Changing my major

The requirements for all majors are available in the Colgate University Catalogue. (<http://www.colgate.edu/academics/course-catalogue>)
You are encouraged to run a Degree Works "What-If" audit for this major prior to declaring, to ensure that completion of requirements is feasible. It is expected that you will discuss your audit with your academic adviser during the declaration process.

Please note: Students wishing to declare a second major must formally file their plan with the registrar's office by the end of the full-term course withdrawal period in the first term of the senior year. In certain instances, some courses may be counted toward both majors. A student will only be considered to have completed a double major when at least seven of the courses completed in fulfillment of each major are unique.

Please indicate the major you are declaring by checking the appropriate box below. (Only one box may be checked per form.)
