

# THE MAROON BOOK

*Honoring the service of Colgate University volunteers*

2021

COLGATE UNIVERSITY

*The Maroon Book* recognizes the significant effort of those alumni, families, and friends who support the University, its faculty, and its students through their service to Colgate.

These volunteers serve on governance and advisory boards, alumni and student engagement councils, and fundraising committees. There are many others to whom the University owes its gratitude and we wish, here, to recognize all who make Colgate's excellence possible.

While this is the first edition of *The Maroon Book*, the University intends to continue publication as an annual opportunity to recognize all Colgate volunteers — the University will work throughout this year to ensure that the rosters contained within are complete and accurate.

It is with gratitude and respect that we honor the work and support of all those listed here. Without their contributions, Colgate would not be the distinctive and excellent university it is today.

## Alumni of Color Volunteers

The Colgate Alumni of Color organization was established in 1986 as a way for alumni of color to network and stay connected to one another. Alumni of Color have expanded their involvement with Colgate by volunteering their time and talent, as well as investing their financial resources into programs and funds that support Colgate's liberal arts mission. Alumni of Color participate in multiple avenues of involvement and engagement with the University and dedicate themselves to helping the next generation of Colgate students of color in any way possible.

## Professional Network Volunteers

The Colgate Professional Networks provide a platform for alumni, family members, and students with similar professional interests to learn from and inspire each other. The networks provide opportunities to hear from industry leaders and engage in cutting-edge conversations; to discover employment options; or to seek expert opinions. Professional Network volunteers lead the way by developing strategies and initiatives to achieve these goals.
