## Dear Alumni and Friends,

On behalf of the campus community, welcome back to Colgate. We are honored to welcome you for Reunion 2025 — to celebrate, in person, all of the friendships, affections, and memories that have drawn you here.

During your time on campus, you will see how Colgate is moving forward with priorities outlined in the *Third-Century Plan*: the new Bernstein Hall, at the heart of a reimagined Middle Campus; Peter’s Glen, which provides both connection and environmental stewardship; the beginning of work to reimagine student life on Broad Street; and much more. Meanwhile, the University has dedicated itself to expanding opportunities for students and faculty and increasing the Colgate Commitment to serve 50% of our students.

I hope that these sights — of the University’s people and places — and this commitment to access provide you with a sense of Colgate’s ambition and determination.

Again, welcome back. Thank you for joining us, and best wishes for a memorable weekend at Colgate.

Sincerely,

Brian W. Casey  
President

# GENERAL INFORMATION

---

## Reunion Headquarters

Donovan's Pub, James C. Colgate Hall (Student Union)  
Thursday, Friday, and Saturday, 8 a.m.–midnight; Sunday, 8 a.m.–noon  
315-228-7700

▪ Registration desk   ▪ Lost and found   ▪ Souvenir room

## Tent hours

Tents will be open beginning at 3 p.m. on Thursday and 11 a.m. on Friday and Saturday. Tents will stop serving alcohol at 12:30 a.m. on Thursday, Friday, and Saturday.

## Room key return

All reunion attendees staying in campus housing must return room keys before departing campus. On Friday and Saturday, keys may be returned to Reunion Headquarters (Donovan's Pub, James C. Colgate Hall) between the hours of 8 a.m. and midnight. On Sunday, keys may be returned between 8 a.m. and noon.

In order to get credit for returning your keys, please place key(s) in an envelope with your name and phone number. **Failure to return keys prior to departing campus will result in a \$150 locksmith charge. Keys must be returned before noon on Sunday and cannot be mailed back to campus. If you have any questions, please call 315-228-7700.**

## Emergency phone numbers

## Guest computer access & printing/IT support

ITS Service Desk; third floor, Case-Geyer  
Thursday/Friday, 8 a.m.–5 p.m.

Wireless internet:

## Reunion transportation

On-demand vehicle and golf cart transportation originate in front of James C. Colgate Hall (Student Union). To make special arrangements, visit the Transportation Tent located outside the Student Union or call 315-228-7781.

## Colgate Cruiser

The Cruiser makes regular stops at Reunion Headquarters (Donovan's Pub, James C. Colgate Hall), downtown (Colgate Inn and Colgate Bookstore), Hotel One75, Frank Dining Hall, and College Street apartments. The hours of service are:

Thursday: 4:30 p.m.–2 a.m.

Friday/Saturday: 7:30 a.m.–2:30 a.m.

Sunday: 7:30 a.m.–noon

For live tracking, download the Colgate Shuttle app from the App Store or Google Play.

## Driving and parking on campus

Clearly designated, legal parking spaces on campus are available on a first-come, first-served basis. In addition to the spaces available on campus, reunion attendees can park in the general parking lot off Broad Street, adjacent to Tyler's Field and behind Community Memorial Hospital. Whenever possible, please take advantage of the Colgate Cruiser and/or our shuttle service, which originates in front of James C. Colgate Hall (Student Union).

## Alcohol policy

Under New York State law, persons under the age of 21 cannot purchase or be served alcoholic beverages. The University requests that everyone conform to the letter of the law. Beer and wine are provided in the tents until 12:30 a.m. There will be cash bars offering mixed drinks in the main tent on the field. Please note that law prohibits the possession and/or consumption of an open container of alcohol in public places and within vehicles, including vehicles driven by our student staff.

## Access pass

Keep your access pass with you all weekend. Staff and alumni want to know your name. Your access pass also grants you access to the tents on Whitnall Field.

## Meal tickets

Alumni and guests registered for the Full Weekend option will have meal tickets provided at registration. Please present the appropriate ticket upon entrance to each meal. *Attendees under age 21 are invited to accompany their parents/guardians to all meals, with the exception of Saturday's dinner.*

### Breakfast locations

Hot breakfast will be served in the Frank Dining Hall on Friday, Saturday, and Sunday from 7:30–10 a.m. If you do not have a Full Weekend package, you may purchase breakfast at the door.

### Saturday evening class dinners

Saturday evening class and special anniversary receptions are open to those attendees age 21 and over. Attendees are asked to present meal tickets at the entrance to their dinner.

### Dietary restrictions and food allergies

We strive to accommodate common dietary restrictions and provide clear labeling for those with food allergies. Food will be labeled at each meal to indicate whether it is vegetarian or vegan, or if it includes any common allergens. If you need assistance or have any questions, please speak to on-site catering staff or the staff in Reunion Headquarters.

### Babysitters

A list of babysitters is available at the registration desk at Reunion Headquarters.

### Privacy room

To meet the needs of nursing parents, or to accommodate personal/medical needs, a dedicated space is available in James C. Colgate Hall. Please inquire at Reunion Headquarters.

### Pet policy

With the exception of guide dogs and animals specifically approved for the educational purposes of the University, pets are not allowed in campus buildings, including residential housing. Guests who are found to have animals in their rooms may be requested to leave the premises.

### Reunion College sessions

Thank you to the many alumni who are presenting at Reunion College sessions throughout the weekend. We encourage you to attend these sessions, which are planned by the class program chairs to help provide a range of engagement opportunities during reunion. Please note, sentiments expressed by alumni and speakers during these sessions are their own and do not reflect the views of Colgate University.

In this session, Peter will discuss the importance of civil infrastructure to society and how the Core Curriculum offered by Colgate prepared him for these challenges.

*111 Alumni Hall*

**11–11:50 a.m.**

**Near to thy Valley: Reform and Innovation in 19th Century Central New York**

**Ellen Percy Kraly, Professor of Geography and Environmental Studies Emerita**

*Sponsored by the Upstate Institute at Colgate University, celebrating its 20th anniversary.*

On October 21, 1835, Gerrit Smith welcomed abolitionists to Peterboro, New York, to establish the New York State Anti-Slavery Society, a pivotal moment in national debates over ending slavery in the United States. The Seneca Falls Convention, held in Seneca Falls, New York, on July 19–20, 1848, was the first women's rights convention in the United States. The Oneida Community in Sherrill was one of the longest running and productive utopian societies in the United States, 1848–1880. This Reunion College session will address significant reformist initiatives that transpired in the valleys surrounding Colgate, and soon after the founding of Madison University. Representatives of two partners of Colgate's Upstate Institute — the National Abolition Hall of Fame and Museum, Peterboro, New York, and the Oneida Community Mansion House, Sherrill, New York — will share the progress, innovation, and creativity of the region.

*Ho Lecture Room, 105 Lawrence Hall*

**11–11:50 a.m.**

**Reflections of a Colgate Varsity Athlete: Eight Ways My Time at Colgate Helped Me Achieve Greatness**

**Doug Hirschhorn '94**

Doug Hirschhorn is a Wall Street's leading peak performance coach and the real-life inspiration behind Dr. Wendy Rhoades on Showtime's *Billions*. PhD in sport psychology and founder of DRD Advisors, a premier leadership advisory firm headquartered in New York City, Doug has advised some of the world's top performers. Hear Doug reflect on his time as a student-athlete at Colgate and share stories of his own journey, including the eight ways that helped shape him to achieve greatness as a spouse, parent, author, speaker, and adviser to elite performers.

**New Acquisitions at University Museums**

**Rebecca Mendelsohn and Nick West, Co-Directors of University Museums**

The collections of the University Museums have been growing. Take an opportunity to view some of the recent acquisitions at Picker Art Gallery and the Longyear Museum of Anthropology. Join co-directors and curators Nick West and Rebecca Mendelsohn to learn more about the ways in which University Museums collections are being shaped, and what that means for student learning in Colgate's liberal arts curriculum.

*305 Dana Arts Center*

**1–2 p.m.**

**Sustainability Walking Tour**

**John Pumilio, Associate Provost for Sustainability**

Join members of Colgate's Office of Sustainability on an interactive walking tour, gaining valuable insights into the University's journey to carbon neutrality, commitment to environmental stewardship, green buildings, and vision for the future. This will be an easy one-hour stroll. *Beginning in front of Colgate Memorial Chapel at 1 p.m. and ending at the Trudy Fitness Center at 2 p.m.*

**1:30–2:45 p.m.**

**The National Collegiate Athletics Landscape and Colgate's Place in It**

**Yariv Amir '01, Vice President and Director of Athletics, and Athletic Coaches**

The landscape of collegiate athletics is shifting, but Colgate remains committed to supporting a Division I athletics program that provides an excellent student-athlete experience. Vice President and Director of Athletics Yariv Amir '01, as well as members of his senior team and select coaches, will share updates and insights on hot topics in college athletics, Colgate's position, and the latest plans for the Carey Center.

*Golden Auditorium, 105 Little Hall*

**2–2:50 p.m.**

**Nuclear Energy: Where We've Been and Where We're Going**  
**Steve Burns '75**

Join Steve Burns, a former chair and commissioner of the U.S. Nuclear Regulatory Commission, for an overview of the development and production of nuclear energy in the United States and a discussion of the growing support for nuclear energy applications both nationally and internationally to meet demand for electricity and to achieve zero-carbon climate goals.

*Persson Auditorium, 27 Persson Hall*

**2–2:50 p.m.**

**Got Loss? Three Techniques for Rising From the Ashes**  
**Leslie (Soggs) Reed '85**

In this workshop, Leslie (Soggs) Reed will touch on the major life losses we may have experienced and where we may find ourselves in the aftermath. Based on her own experience, she will discuss techniques to rebuild joy, purpose, and momentum after expected — and unexpected — tectonic shifts rearrange our lives.

*Classics Lounge, 112–114 Lawrence Hall*

**2–2:50 p.m.**

**Affordable Housing 2025: Policy, Trends, and the Role of AI**  
**Thomas Campbell '00**

Thomas Campbell will uncover the current state of affordable housing, discussing current need, political impacts, trends related to production and capitalization, and the role of AI within the industry.

*109 Persson Hall*

**2–2:50 p.m.**

**Top Trends in Experiential Travel**

**Emily Johnson '10, Sarah Kingsley '10, Heidi Parsont '90**

Take a trip through the landscape of today's travel industry and learn why experiential travel has become such a key motivator in booking decisions. Here, we'll discuss some top trends in the traveler's journey, including the rise of luxury airport travel lounges, bespoke wellness retreats and destinations, and unforgettable European river cruises.

*207 Lathrop Hall*

**2 p.m.**

**Peace and Conflict Studies Fireside Chat**

**Hosted by the Peace and Conflict Studies Program (PCON)**

**Sheila Norman-Culp '80, Amanda Brown '15, Cameron Costa '15**

What is the value of an education in peace and conflict studies in a world of ever-increasing dynamism and risk? With an eye toward the present and the future, this multigenerational alumni panel will discuss the PCON program's 55-year history, the oldest peace studies department at a secular institution of higher education. Alumni will reflect on the origins of this unique program and how it intellectually equips its students. These questions and more will be addressed as we explore the continuing — and growing — relevance of interdisciplinary programs like PCON.

*Clifford Commons, 213 Benton Hall*

**2–3 p.m.**

**Alumni Admission Program Meet and Greet**

All Colgate alumni who are current or past Alumni Admission Program members are invited to connect with the admissions staff over a Colgate tradition: Chipwiches. Families, friends, and other guests are also welcome to join us for a sweet treat.

- 2 p.m. - *Orbital*
- 3 p.m. - *Life: A Cosmic Story*
- 4 p.m. - *Black Holes*
- 5 p.m. - *Stars Over Colgate*

### Descriptions of the Shows

#### *We Are Stars*

What are we made of? Where did it all come from? Explore the secrets of our cosmic chemistry and our explosive origins. Connect life on Earth to the evolution of the universe by following the formation of hydrogen atoms to the synthesis of carbon, and the molecules for life. Narrated by Andy Serkis.

#### *The Great Solar System Adventure*

Join showman extraordinaire “The Great Schiaparelli” as he takes the audience on a death-defying space-time adventure within his wondrous Observatory. From the sun-scorched surface of Mercury to the icy expanses of Pluto and beyond, prepare to be subjected to the myriad dangers and wonders of our solar system, on a breathtaking tour that reveals just how precious our home planet really is. Be warned though, the Observatory isn’t just for show. It will transport the audience right to the heart of some of the deadliest locations in our slice of the heavens. It’s going to take some fancy flying to get everyone back in one piece!

#### *Birth of Planet Earth*

*Birth of Planet Earth* tells the story of our home planet, answering the age-old question: how did our planet come to support life? Going back billions of years to the Milky Way galaxy, this astronomy show employs advanced data-driven, cinematic-quality visualizations to explore some of the biggest questions in science today: how did we become a living planet, and what does history tell us about finding other life in the universe among a billion other Earth-size planets scientists believe exist today?

#### *Secret Lives of Stars*

Not all stars are created equal. Some are massive, while others are tiny, almost insignificant. The specific characteristics of a star will determine what type of life it will lead, how long it might live, and even the type of death it will die. We will witness the amazing variety of stars and peer into their secret lives.

#### *Dark Universe*

Narrated by Neil deGrasse Tyson, *Dark Universe* brings audiences to the cutting edge of cosmic exploration to reveal the breakthroughs that have led astronomers to confront two great cosmic mysteries: dark matter and dark energy. In stunningly detailed scenes based on authentic scientific data — including a NASA probe’s breathtaking plunge into Jupiter’s atmosphere and novel visualizations of unobservable dark matter — *Dark Universe* celebrates the pivotal discoveries that have led us to greater knowledge of the universe and to new frontiers for exploration.

### ***Dark Side of the Moon***

Pink Floyd's legendary album returns, using all the capacities of the museum's high-definition, full-dome video system. Fantastic sound and incredible images create an unforgettable experience. It's not just a laser show, it's a totally new digital revolution in sight and sound surrounding you, immersing you, and losing you in the *Dark Side of the Moon*. This unique video experience is provided by Starlight Productions.

### ***Orbital***

Voyage beyond the planet and experience our home through the eyes of astronauts. *Orbital* is an epic journey from the Big Bang to the flourishing of life on Earth to low Earth orbit. A new film by Guy Reid and Planetary Collective, *Orbital* transports you through an abstract landscape of light inspired by bioluminescent earthly beings and atmospheric aurorae. Guided by the voices of the astronauts and cosmonauts of Constellation Coalition who have looked back and experienced the awe of our place in the universe, you will feel your own "overview effect" as you meditate on our planet in shared reality.

### ***Life: A Cosmic Story***

Narrated by Academy Award winner Jodie Foster, *Life* invites audiences on a journey through space and time to witness key events since the Big Bang that set the stage for life on Earth. From the tiniest microbes to the mightiest stars, discover the building blocks shared by all matter in the universe — and develop a deeper appreciation for how Earth's incredible biodiversity evolved.

### ***Black Holes***

*Black Holes* takes you on a fully immersive journey through one of the most mystifying, awe-inspiring phenomena in the universe: a black hole.

### ***Stars Over Colgate***

Sit back and enjoy the night sky as it looks from Colgate. We will take you on a journey through constellation stories and wonders of the night sky.

**Friday/Saturday:** 9:30 a.m.–4:30 p.m.

**Sunday:** Closed

#### **Current exhibitions:**

##### **Unraveled: Labor and Meaning Behind Weaving**

This exhibition, curated by 10 students in the fall 2024 semester of MUSE 300: Museum Curating, features the themes of textiles and weaving. Showcasing works from the Longyear Museum of Anthropology's basket and world textile collections, this exhibition explores the incredible amount of labor and skill that goes into creating woven art.

The exhibition takes a comparative view of textiles from around the world, introducing the community significance of different designs and individual stylistic choices. The exhibition discusses how fiber art forms have changed as local and global markets develop, as well as the role that clothing can play in displays of nationalism and politics. Ultimately, *Unraveled* aims to inspire viewers to consider the benefits of handcrafted works and foster an appreciation for the people behind the woven things we use and love each and every day.

The exhibition features several new acquisitions, including three new works acquired from the Jalabil Maya women's weaving collective during their artist residency last fall. It also features pieces on loan from our student curators, highlighting the significance of weaving and textile arts in their lives.

**PICKER ART GALLERY (315-228-7634)**

*Dana Arts Center, second floor*

**Friday/Saturday:** 10 a.m.–5 p.m.

**Sunday:** Closed

**Current exhibition:****A Thought Is a Thread: Contemporary Artists Reworking Textile Traditions**

Metaphors using the language of textiles are part of everyday idiomatic English: we follow threads on social media; storytellers weave tales or spin fantastic yarns; friend groups might be close-knit, and we might tie ourselves in knots trying to navigate complex situations. The history of textiles is intimately tied to the development of human societies. Weaving is at the same time one of the earliest human technological advancements, the foundation upon which modern industrial nations were built, and the basis for the computing revolution.

A Thought Is a Thread brings together works by leading artists who investigate what textiles can still reveal about people and their relationships to each other, to themselves, and to language, land, and the future. Artworks by Faig Ahmed, Sanford Biggers, Diedrick Brackens, Melissa Cody, Suzanne Husky, Joy Ray, and Jordan Nassar present intertwining narratives that both cherish and complicate the web of meanings that emerge when traditional textile arts are given contemporary expression.
